

Paul Eickhof

PRESIDENT & CEO

Over 38 years of experience in the design, fabrication, and installation of columbaria.

PROFESSIONAL AFFILIATES

- ICCFA - 34 Years
- Catholic Cemetery Conference - 32 Years
- Cremation Association of North America - 29 Years
- Minnesota Association of Cemeteries - 32 Years

EDUCATION

- College of Liberal Arts 1972 – 1975
- University of Minnesota - Minneapolis, MN
- College of Liberal Arts 1976
- University of Washington - Seattle, WA

1984 - 1991

Seven years as co-founder of Eickhof Lock Company. This experience includes collaboration with company co-founder Jack Eickhof in the development of the world's first successful concealed hardware system for fastening stone fronts for mausoleum crypts and columbarium niches.

1991 - 1996

Co-founder of Eickhof Eternal Systems. Collaboration with company co-founder Jack Eickhof in the development of the first thin wall columbarium construction method utilizing cement fiber building board allowing for unlimited columbarium design configurations including but not limited to circular, semi-circular, and serpentine columbarium design. The thin wall columbarium resulted also in the first 8" x 8" niche of which thousands have been provided to customers nationwide. The thin wall columbarium assembly method along with the Eickhof concealed hardware is an industry game changer, insuring the long term success of the Eickhof company.

1996 - 2000

Co-founder Eickhof Columbaria LLP. Collaboration with company co-founder Jack Eickhof in development of a line of pre-assembled columbaria. This included the first round circular Pre-Assembled columbarium ever conceived and built in the world. This line of Pre-Assembled columbaria went on to include larger Circular, Octagonal, and Hexagonal shaped Pre-Assembled columbarium models.

2000 - 2006

The Eickhof Company is chosen to provide niches for a number of notable large projects including, but not limited to the following:

- 5,000 niches for the "Our Lady of the Angels" Catholic Cathedral in Los Angeles, CA
- 2,800 niches for the University of Richmond in Richmond, VA
- 1,500 niches for Lake Forest Cemetery in Lake Forest, IL
- 9,000 niches for the New Buddhist Temple in Houston, TX

Eickhof hits a milestone of completing 500 separate columbarium installations in the US and Canada, including installations in Hawaii.

2006 - 2022

Paul Eickhof purchases Jack Eickhof's company shares in 2006 and incorporates the partnership into Eickhof Columbaria Inc. The Eickhof concealed hardware and niche system are improved and re-engineered to incorporate all single front niches. New patents are granted and Eickhof moves into a new 30,000 square foot manufacturing facility. Eickhof designs and builds on a series of firsts: the world's first Pre-Assembled half-circle columbarium, Obelisk columbarium, and Pre-Assembled quarter-circle columbarium with curved granite fronts. The Eickhof Obelisk as Ossuarium® is conceived, built, and a catalog of Soft Urns™ is developed for the Ossuarium. Eickhof develops line of eight Pre-Assembled Ossuarium models, one designed specifically for veterans. Milestone of over 1,900 completed columbarium installations is achieved across the US, including Alaska and Hawaii, and in Canada. Eickhof delivers columbaria overseas to Santiago, Chile; San Juan, Puerto Rico; Sydney, Australia; and Darwin, Australia.
