1 Open box and remove the small center foam piece. Set it aside for step three.

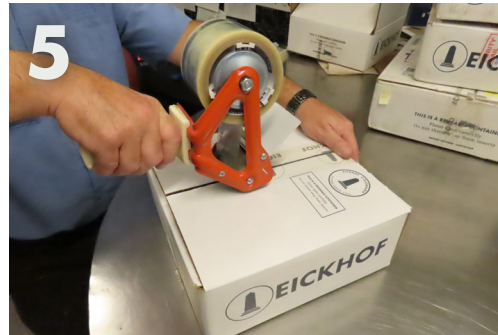

2 Place your niche front face down inside the foam. All four edges must touch foam.

3 Place the small foam piece on the back of the niche front.

4 Before closing box - include a copy of the filled-out Inscription Order Form.

5 Seal box with three tape strips, one down center seam, one on left, one on right.

6 After taping as indicated above your box is ready for the shipping label.
